One Rep Global recently announced its appointment as the India partner for Bear Luxe Japan to represent them in the outbound tourism sector of the Indian market.

Bear Luxe Japan is a Japan specific B2B networking operating a concierge service and an industry-first digital portal that connects a global network of luxury travel designers specializing in travel to Japan with leading luxury travel suppliers.

Designed and created in response to international buyers' difficulty in communicating with independent Japanese suppliers, add to which was the ambiguity and absence of a standard payment and commission system, the portal bridges the gap by offering a one-stop window for accommodation, transportation, custom experiences, negotiations, reservations and payments.

"India is a land of opportunity! Partnering with One Rep Global increases our visibility in the Indian market and to the Indian consumers and we look forward to welcoming them in the near future," Hiroyuki Miyatake, Co-founder & COO, Bear Luxe Japan, said.

Speaking on the occasion, Hemant Mediratta, Founder, One Rep Global said, "Post Covid 19, people will be more encouraged to take fewer, more immersive trips as opposed to travelling multiple times a year. Their emphasis will be on experiential travel and their choice of hotels will follow suit. To that end, our partnership with Bear Luxe Japan is tremendous as it will open up the doors to many experiential hotels and destinations in Japan for the Indian consumer."
