VIL UYANA
A Luxury Reserve

INTRODUCTION

Jetwing Vil Uyana is the embodiment of refined eco-luxury, where architecture and nature exist in perfect harmony. Inspired by the timeless elegance of rural traditions, each building gracefully merges with the surrounding landscape, creating a serene retreat unlike any other. Set against the backdrop of a thoughtfully introduced wetland system on reclaimed agricultural lands, this sanctuary offers a profound connection to the natural world. At Jetwing Vil Uyana, every moment is a return to nature's embrace, promising an experience that is both uniquely captivating and elegantly unforgettable.

LOCATION

Jetwing Vil Uyana is nestled within a lush 28-acre sanctuary, just 5 kilometres from the legendary Sigiriya Rock Fortress, often hailed as the 8th Wonder of the World. The resort is approximately 169 kilometres, or a 3-hour, 45-minute drive from Colombo, and 153 kilometres, or about 3 hours and 30 minutes by road, from Bandaranaike International Airport.

OUR DWELLINGS

Jetwing Vil Uyana is a pioneering eco-luxury project that has meticulously created a wetland ecosystem from the ground up. Complete with lakes and reed beds, this private nature reserve offers dwellings seamlessly integrated into a landscape of water, paddy fields, forests, and lush gardens. Surrounded by serene parklands and woodlands, our accommodations provide guests with an unparalleled opportunity to immerse themselves in nature at its most magnificent.

SUSTAINABILITY
CREATING A BUTTERFLY EFFECT

- **Sustainable Architecture** - Incorporating natural, locally sourced materials and traditional design elements to minimise environmental impact.
- **Renewable Energy and Water Management** - Our man-made lakes, filled entirely with rainwater, enhance regional water supplies and preserve local resources, complementing our commitment to resource efficiency through reducing single-use plastics, recycling, and employing onsite biogas digesters and wastewater treatment for effective waste management.
- **Wildlife Conservation and Habitat Protection** - Creating habitats in Sri Lanka's first man-made wetland for slender loris, fishing cats, otters, birds, and a plethora of wildlife.
- **Community Empowerment** - We work closely with local communities, integrating their talents into our hotels and fostering sustainable livelihoods through meaningful partnerships.
- **Family** - Since 2006, our Jetwing Youth Development Programme (JYDP) has nurtured local talent, with many of our long-standing staff joining us through this initiative.
- **Sustainable Food Production** - Maintaining our own gardens for farm-to-table dining, ensuring fresh, sustainable produce for guests.

CURRENCY

Sri Lankan Rupees and all other major currencies and credit cards are accepted. Currency conversion facilities are available.

WEATHER

Average temperatures in Sigiriya fluctuate between 28°C and 34°C during the day time to between 22°C and 26°C at night. Weather and climate also depend on the season.
